The power of your voice

The primary objectives of the Alliance Legislative Advocacy Program are to provide Alliance Members with tools to contact their legislators and the opportunity to voice their opinions. Alliance is focused on keeping members informed and provides a variety of ways to get involved and make a difference.

■ Alliance Action Team

Alliance Members can receive e-mail updates on what's happening in Washington, DC, and alerts when they need to raise their voices and contact legislators. Members can sign up for the Alliance Action Team by filling out the online form on the website www.AffordableServices.org/actionteam.

■ Online Legislative Action Center

This powerful resource puts a wealth of information at members' fingertips. Click and search for details — such as background information, committees, and voting history — about your legislators. Send messages to your congressional delegation and keep track of the latest legislative alerts from Alliance.

■ Surveys

Through the annual member survey and periodic polls on hot button issues such as health care reform, the economic stimulus plan, and job creation legislation, Alliance Members can have their viewpoints delivered directly to their elected officials. Surveys provide a platform for members to voice their opinions on legislative priorities. Alliance takes that information and presents it to legislators to help persuade their voting power.

■ Alliance Legislative Advocacy Events

These unique forums provide members with the opportunity to speak face-to-face with elected officials and discuss issues and concerns. Direct contact with legislators is not always readily available. Alliance Advocacy Events remove barriers and provide members with direct access to politicians.

It is a win for small businesses and our families in need of jobs and paychecks.”

Provided by *assist america*[®]

Congratulations! Your enrollment with Alliance includes a unique global emergency services program from Assist America. This program immediately connects you to doctors, hospitals, pharmacies, and other services if you experience a medical emergency while traveling in another country or 100 miles or more away from your permanent residence.

Assist America's Operations Center is staffed 24-hours-a-day, 365-days-a-year with trained multilingual and medical personnel, including nurses and physicians, to advise and assist you quickly and professionally in a medical emergency.

- A state-of-the-art operations center with worldwide response capabilities
- Experienced crisis management professionals
- Air and ground ambulance service providers

Assist America completely arranges and pays for all of the assistance services it provides without limits on the covered cost. This alleviates many obstacles and potential expenses that sometimes result from medical emergencies away from home.

It is important to **keep your ID card with you at all times** so that you can call for services whenever you need them.

Assist America is not travel or medical insurance; it is a provider of global emergency services.* Assist America's services do not replace medical insurance during medical emergencies away from home. All medical costs incurred should be submitted to your health plan and are subject to your health coverage policy limits.

About Assist America

Assist America, Inc., formed in 1990, is the nation's largest provider of global emergency services through benefit plans. Assist America responds when any eligible member becomes ill or injured when traveling just 100 miles away from home, or in another country.

Conditions

Assist America will not provide services in the following instances:

- Travel undertaken specifically for securing medical treatment
- Injuries resulting from participation in acts of war or insurrection
- Commission of unlawful act(s)
- Suicide attempt

- Incidents involving the use of drugs unless prescribed by a physician
- Transfer of member from one medical facility to another medical facility of similar capabilities and providing a similar level of care

Assist America will not evacuate or repatriate a member:

- Without medical authorization
- With mild lesions, simple injuries such as sprains, simple fractures, or mild sickness that can be treated by local physicians and do not prevent the member from continuing his/her trip or returning home
- Who is more than six months pregnant
- With mental or nervous disorders unless hospitalized

Exclusions

- Travel by a member's spouse when it is for the benefit of the spouse's employer (i.e., spouse business travel)
- Trips exceeding 90 days from legal residence without prior notification to Assist America (separate purchase of expatriate coverage is available)

While assistance services are available worldwide, transportation response time is directly related to the location/jurisdiction where an event occurs. Assist America is not responsible for failing to provide services or for delays in the delivery of services caused by strikes or conditions beyond its control, including — by way of example and not by limitation — weather conditions, availability of airports, flight conditions, availability of hyperbaric chambers, communications systems, or where rendering of service is limited or prohibited by local law or edict.

All consulting physicians and attorneys are independent contractors and not under the control of Assist America. Assist America is not responsible or liable for any malpractice committed by professionals rendering services to a member.
